NUMBER 253

VOLUME XVI

THE CLEARFIELD PROGRESS, CLEARFIELD, PA., FRIDAY EVENING, OCTOBER 27, 1922.

RECTOR'S WIFE AND BROTHER NAMED BY EYE WITNESS AS REAL MURDERERS OF REV. HALL AND HIS CHOIR SINGER

Mrs. Jane Gibson Says
She Saw Mrs. Hall and
Harry Stevens Commit
Bloody Crime.

WOMAN HAS ALIBI

New Brunswick, N. J., Oct. 26.—Mrs. Francis Stevens Hall, widow of the slain rector of the Protestant Episcopal Church of St. John the Evangelist, and her brother, Henry Stevens, are the man and woman named in the sworn statement of Mrs. Jane Gibson, self-styled eye-witness of the double slaying of the Rev. Edward Wheeler Hall and Mrs. Eleanor Mills, on the night of September 14.

That became known tonight through a statement by Mrs. Hall's attorney, Timothy N. Pfeiffer, denying the facts of Mrs. Gibson's account and declaring that neither the rector's widow nor her brother was on the Phillips farm on the night of the double slaying.

"Mrs. Gibson's statements are contrary to the facts," Mr. Pfeiffer said. "Mrs. Hall was in her home all evening. Barbara Tough, one of the maids, was out that night, and Louisa Geist, the other maid, was on the back stoop. There was no one else but a little seven-year old niece in the house with Mrs. Hall. But there may have been one visitor."

New Brunswick, Oct. 27.—Mrs. Jane Gibson, the alleged eye-witness to the Hall-Mills murder, was taken to the Court House today for a grilling by Prosecutor Mott, so that he may piece together the story that she saw the man and woman shot down.

At the same time a diligent search is being made for the old fashioned automobile that was seen to enter De Roussey's lane on the night of the murder.

Following this Prosecutor Mott said that he was investigating the statement that Mrs. Hall was at home during the night of the crime and that Willie Stevens, Mrs. Hall's brother was not making a clear alibi.

"HAMMER" MURDER CASE NEARS CLOSE AT LOS ANGELES, CAL.

Los Angeles, Oct. 27.—Peggy Caffee, the alleged eyewitness expected to clear Mrs. Clara Phillips of the charge of murder in the "Hammer" case when Mrs. Alberta McGowan was clubbed to death.

State attorneys announced that they would close their case after the examination of Peggy Caffee. Following this Mrs. Phillips will take the stand in their own defense.

"Both she and her husband will be able to tell stories that will result in a lot of light being thrown on the case," it was announced by Mrs. Phillips' attorney.

PLOT TO ATTACK GERMAN OFFICIALS EXPOSED IN BERLIN

Berlin, Oct. 27.—Soldiers and detachments of reserves were rushed to Wilhelmstrasse today where it was learned that there was a plot to attack President Ebert and Chancellor Wirth. Reserves were held in readiness for the first sign of trouble.

Soldiers searched all the houses in the vicinity of the residences of Ebert and Wirth but could find nothing that would bear out the rumors, while strong detachments of soldiery guarded the home of Ebert.

Bill Ammerman arrived here from State College today to spend the week-end at his home.

CHICAGO WOMAN MAY HAVE POISONED HER FIVE HUSBANDS

Chicago, Oct. 27.—The authorities have ordered the bodies of four husbands of Mrs. Michael Klimik to be exhumed following the report of the physician attending her present husband, Joseph Klimik, who is said to be dying of slow poisoning. They are holding a son-in-law, Jos Mitkewicz, in connection with the investigation.

The case was brought to the attention of the authorities following the report of Dr. P. Burnes who stated that he was certain that Klimik was dying of a slow poisoning. It was stated that Mrs. Klimik recently took out two insurance policies on the life of her husband.

In the course of his investigation, Dr. Burnes in questioning Klimik, found that he had been ill for about six months and that he made a statement that he could not account in any way for his illness.

HAYES BORO MAN SUFFOCATED IN SHOP FIRE THIS MORNING

Pittsburg, Oct. 27.—One man suffocated and a volunteer fireman was seriously injured when fire swept the blacksmith shop of a man named Crook in Hayes borough today. The fire spread to adjoining buildings and did damage to the amount of \$4,000.

Sante Decarrio is the dead man. He lost his life in an endeavor to save his trunk from one of the burning buildings.

PHILIPSBURG SONG BIRDS ENLIVEN ROTARY MEETING

The outstanding feature of last night's Clearfield Rotary Club was the singing of the quartet of the Philipsburg Rotary Club which paid the local Rotas a friendly visit. No speaker had been assigned to this meeting, President Albert Bigler deciding that he would devote the time generally allotted to the "speaker of the evening" to an open forum where every fellow could unburden himself of a small portion of the "kicks" in his system.

The Philipsburg quartette sang so sweetly during their several efforts that—like it used to be boasted of in the pre-Volstead days—there was not a "single kick" in the whole bunch.

The quartette was composed of Bob Stauffer, the live-wire secretary of the Philipsburg club, whose mission in life is to "shirt the naked"; Charley Bange, Ray Bragonier and Max Pearce, while in order to have the music provided in keeping with the fine quality of their singing, they had Mrs. Charles Bange come along to play the accompaniment, which was most artistically and pleasingly done.

The next meeting of the local club will be held on Tuesday, October 31st, at which time District Governor Geo. F. Lumm, of Harrisburg, will be present. The District Governor will present their charter to the Philipsburg club at their meeting to be held at the Hotel Phillips that evening at 5 o'clock and Secretary Stauffer extended an invitation to the local club to attend that meeting.

St. Francis school will give a masquerade party this evening. A very interesting program has been arranged.

FACISTI FACTION TO HELP REORGANIZE ITALIAN CABINET

Rome, Oct. 27.—Benito Mussolini, leader of the powerful Facisti, was summoned to Rome today to negotiate for the inclusion of the Facisti in the reorganization of the Cabinet.

In an interview it was officially announced that Premier Facta will not make public his resignation until it has been presented to King Victor Emmanuel.

GERMAN CAPTAIN MAKES VAIN FIGHT TO SAVE SCHNAPPS

Houston, Texas, Oct. 27.—Federal prohibition agents swooped down on the German steamship Oberschlesien which docked here today and seized 258 quarts of liquor.

The captain of the liner objected to the seizure and it was necessary for the prohibition officers to chain him, handcuffed to the rail of one of the upper decks while they searched the vessel.

HIGH SCHOOL MASQUERADE

The High School will hold its annual masquerade party on Friday evening at the school. Prizes are awarded for the most original, prettiest and funniest costumes and a special entertainment is arranged. There is usually a large audience and everyone who cares to come is very welcome.

FIVE STUDENTS ARE KILLED WHEN TRAIN HITS AUTOMOBILE

Holgate, Ohio, Oct. 27.—Five Holgate students met death here today when the automobile in which they were riding was struck by a fast B & O freight train at the Main street crossing. The dead are: Cecellie Royal, 14; Wilbur Royal, 15 her brother; Vergil Brown, 18; Selma Stinet, 18 and Larry Schwab, 16.

All five lived in New Liberia, about seven miles from here, but attended the Holgate High School.

The bodies were mutilated beyond recognition.

FILES DAMAGE SUIT AGAINST FORMER CUSTODIAN PALMER

White Plains, N. Y., Oct. 26.—Dis-solution of the American Bosch Magneto company, restoration of its control to the pre-war owners and damages of two million dollars were asked in suit filed in Supreme Court here today by Albert Klein, a resident of Germany, through his counsel, Harvey Andrews, of New York.

Naming A. Mitchell Palmer, former alien property custodian, as a defendant, along with Arthur T. Murray and Martin E. Kern, officials of the company, Klein alleges that the trio used Palmer's official position to defraud the pre-war owners out of their property.

WILL "SUGGEST" THE VOLSTEAD ACT BE MADE MORE LIBERAL

St. Louis, Oct. 26.—United States Senator Selden T. Spencer today issued a statement saying that shortly he would offer "suggestions" for the modification of the dry law, declaring it to be "unnecessarily harsh" in some of its provisions. Mr. Spencer voted for the Volstead law.

SEIZE MEXICAN CONSULATE TO COLLECT CLAIM

Washington, D. C., Oct. 27.—The Mexican Consulate in New York city was closed today on account of an attachment issued by the New York courts.

The attachments were issued by Oliver American Trading Company and were alleged to cover several accounts which were long past due.

SLIGHT FIRE ON PARK AVENUE

A slight fire at the home of Hugh Dougherty on Park Avenue, caused by a defective flue, resulted in the calling out of the fire department about 9 o'clock this morning for the first time in several weeks. The fire laddies were quickly on the scene and the blaze was subdued with but very slight damage.

KERRMOOR MAN HELD IN \$2,000 BAIL ON RECOMMENDATION OF GRAND JURY AFTER INVESTIGATING THE "SHOVEL KILLING"

OHIO MURDERER BURIED WIFE ALIVE AFTER BEATING HER

Painesville, Ohio, Oct. 27.—DuBois county sheriffs were making a thorough search for the pistol said to have been used to club Mrs. Hazel Burns to death previous to her burial in the shallow grave in the woods near here. The discovery of the weapon, it was said, would fasten further the chain of circumstantial evidence that the authorities are weaving about the slayer.

Henry Burns, husband of Mrs. Hazel Burns, who is being held here by the authorities, continues to assert that he is innocent.

That Mrs. Burns was buried alive is the belief of the authorities. Following the autopsy, it was disclosed that she was not shot as there were no bullet wounds found upon the body. The small hole under her eye, was found to be a deep cut made by some more or less sharp instrument.

Col. W. D. Uhler, State Highway Engineer, Dies Of Paralysis

Harrisburg, Pa., Oct. 27.—Col. William D. Uhler, chief engineer of the Bureau of Highways, died here today aged 49 years. Uhler has been ill for some time with paralysis.

Uhler was a native of Nazareth, Pa., and was recognized as being one of the leading highway engineers of the country. He was appointed by Gov. Brumbaugh to the post of Chief Engineer in 1916 and reappointed by Gov. Spraul in 1919.

BIBLE CLASS TO BANQUET

The Men's Bible class of the West Side Methodist church will dine at the Hotel Jordan this evening at 7:15 p. m. An entertaining program has been arranged for the occasion.

PRESIDENT J. M. QUIGLEY OF LOCAL HEALTH BOARD KNOCKS COMMON DRINKING CUP

Dr. J. M. Quigley, President of the Clearfield Board of Health, delivered an address on "Communicable Diseases" before the District Health Board meeting at Altoona on Wednesday afternoon last. The Altoona Mirror of Thursday gave the following mention of Dr. Quigley's address:

"Communicable Diseases" was the subject of a timely and instructive talk given yesterday afternoon at the semi-annual meeting of the district board of health association No. 5 at Community Hall, city building, by Dr. J. M. Quigley, president of the Clearfield borough board of health. The physician declared that communicable diseases are like the proverbial poor—always with us, no matter how thorough our vigilance.

The science of preserving health has as its aim to render growth more perfect, decay less rapid, life more vigorous and death more remote, he said, and the study of this science has been vigorously pursued since time immemorial. The duties of the health boards, the doctor declared, are varied and cover a wide area and call for the best that is in the individual.

After enumerating a long list of communicable diseases, Dr. Quigley spoke of the tendency of many people who are otherwise law abiding to "duck" the quarantine laws. He included many doctors in this list, basing the conclusion on the trouble health boards experience in getting them to make reports.

The importance of quarantine laws in town and urban communities was made plain. So long as people live in obscurity, it does not matter much for the spread must necessarily be confined to small quarters, but this is not the case where population is centered.

The physician spoke on curative versus preventive methods. Physicians should work in harmony with health boards for preventing the appearance or spread of communicable diseases, and when this fails in part or in whole, then expand the efforts on the curative. The preventative comes first, however.

There have been many happy experiments made, some of them in recent years, which are preventative that no practitioner or board of health should be as their work without having every available preventative at hand. The doctor took occasion to take a dig at the common drinking cup and told of the tendency of people who dispense drinks to refrain from abiding by the law's demand that the glasses or cups be washed thoroughly after being used.

He even declared the common communion cup should be ruled out. For said he "cleanliness is next to godliness." The opinion of Dr. Quigley is that many diseases are spread by the common drinking cup and the only way to stop it is to have the next legislature pass a law requiring that all drinks be served in containers that can immediately be destroyed.

MOUNT UNION HIGH FOOTBALL TEAM

Mt. Union Grid Warriors Will Meet The C. H. S. Team At The Park Tomorrow

By DICK LEIPOLD

When Clearfield High and Mount Union High trot out on the local grid-iron tomorrow afternoon, it will be the fourth consecutive meeting of the main line school and C. H. S. Clearfield has two wins to her credit, and Mt. Union one. In 1919 Mt. Union's team was the strongest schoolboy machine to oppose the Red and Black's famous eleven that fall. Clearfield won 7 to 0. Last fall, as a feature contest on the Huntingdon county team's schedule, the local students journeyed to Mt. Union and were defeated 21 to 13. A win for the visiting eleven tomorrow would tie the series.

Mt. Union Tied Johnstown.

A couple weeks ago Mt. Union High journeyed out to Johnstown, and in a torrid session of football played the flood city team to a 0-0 tie. Johnstown then turned around and handed the powerful Huntingdon High machine a 12 to 6 lacing, which makes the Mt. Union squad appear to have the edge on their county seat school's team, Huntingdon H. S. Reports from the main line town are to the effect that the Union boys are determined to "let Clearfield High's gridgers know they have been in a game," when the final whistle blows.

C. H. S. Ready for Game.

Although several men will start tomorrow's game at new positions, Coach Reed's pupils are expected to play with at least twice as much fight and spirit as shown in last Saturday's contest with State. All week

Name	Wt.	Position	Wt.	Name
J. Corson	130	LE	130	Mohney
McKendric	145	LT	160	Moore
Gifford	138	LG	160	Betts
Weyant	168	C	150	Wetherow c.
Feeteroff	165	RG	164	Maines
Miller	147	RT	166	Pearce
Corson	132	RE	124	Mitcheltree
Klinger	130	QB	160	Johnson
Wharton, c.	138	LH	140	Wilson
Appleby	135	RH	155	Ha. Johnson
Gerlock	165	FB	158	Howe

Referee, Reading, Bucknell. Linesman, Shirey, U. of P. Umpire, Lee, U. of Virginia.

Coaches Reed and Walt Megal have labored to instill a fighting spirit into Capt. Witherow's men, and judging by the way the fellows snapped into signal drill last evening the local machine is hitting on eleven spark-plugs, whose misfires last Saturday were caused by not enough "brushing up" which they have certainly received during the past few days. Real football should be displayed by the local schoolboys tomorrow.

More Bleachers Erected.

The bleachers could not accommodate the crowd that witnessed the game with State College last Saturday. C. H. S.'s management has arranged to have enough bleachers in place for tomorrow's game to seat the large crowd of fans who are expected to be on hand to see one of the best games of the season.

Some very important High School football games will be played tomorrow as listed below.

Lock Haven vs. Johnstown at Johnstown.

Curwensville vs. DuBois at DuBois.

Altoona vs. Huntingdon at Huntingdon.

Williamsport vs. Tamaqua, at Williamsport.

Harrisburg Tech vs. Waite H. S. of and at Toledo, Ohio.

The winner of the Tech-Waite game will have a strong claim to the national high school championship title. The Pennsylvania eleven's followers are confident of victory but out in Toledo, the Ohioans are betting on an easy win for Waite High.

KERRMOOR MAN

(Continued From Page One.)

From the scene back to the station at Kerrmoor on the rail motor truck sed by the crew. Bloom testified that all he said about the affair was that "McKee should not have struck me with that shovel."

At the conclusion of the testimony the jury went into "executive session" and after brief deliberation returned a verdict which stated that "Robert H. Tubbs came to his death as the result of a blow from a shovel in the hands of Abe McKee, and we recommend that McKee be held to answer for the crime."

Following this report District Attorney Arnold had an information made against McKee in which he is charged with both grades of manslaughter. McKee, who had given himself up immediately after the happening, and who appears to feel his position very keenly, was then held in \$2,000 bail for his appearance at December term of court. His bondsmen are three of his neighbors, Blake W. Norris, Stewart McCully and Orange Thurstin.

No Trouble.
"That's a funny house Smith is building. He's got the billiard room and his den in the cellar." "That's his wife's idea. She got tired of hearing him grumble every time he had to go down in the cellar to attend to the furnace."

TOWN PESTS

The State-Joke Pest still gets a "kick" out of the Time when you Lost your Pocketbook just as you Were starting on your Honeymoon three years ago and Never Falls to Mention it. "A Good Joke Never Dies" is his motto, and his Favorite Wheezes All Year Whiskers.

PUBLIC SALE OF REAL ESTATE

THE BARGER FARM
Located on the Deer Creek Road about six miles from Morrisdale.

Wednesday, Nov. 15th. at 1 P. M.

The farm contains 109 acres, 60 acres of which are under cultivation. Balance is in timber, of which a careful estimate has been made and shows about 6,300 standard railroad ties, 41,000 feet of hardwood saw timber and about a half million feet of mine timber of various kinds.

There is a nine room frame house in good condition. There is also a good barn, 50x60 feet. Farm has two wells and several springs located at different points.

TERMS MADE KNOWN DAY OF SALE.

A. D. BARGER, Kylertown, Pa.

MRS. MARGARET ANN WAPLE DIES AT TYRONE HOME

Margaret Ann Waple, wife of Charles M. Waple, died at her home at the Ward House in Tyrone Wednesday night at 11:56 o'clock. Death was due to a complication of diseases although she had only been seriously ill a short time. She was born in Tyrone on Feb. 5, 1863, and had resided there all her life. She was the daughter of George and Mrs. Katherine Troutwine, both deceased. She was united in marriage with Mr. Waple on June 19, 1883, in Tyrone. She is survived by her husband and two sons and one daughter, Walter and Charles Waple and Mrs. John Hoffman, all of Tyrone. She is also survived by one sister and three brothers, Mrs. Harry Gardner, John E., J. L. and W. F. Troutwine, all of Tyrone. One son preceded her to the grave. She was a member of the Trinity Episcopal church, the Women's guild of the church, the Eastern Star and the Civic club. She was one of the most liberal contributors to the local chapter of the Red Cross during the war, especially the food stand at the station. She was an earnest and tireless worker in the guild of Trinity church and the Civic club and one of Tyrone's best women, always ready to help the needy.

MILK DOES ALL THESE THINGS

Milk is easily digested, meat is usually the opposite. Milk makes energy as does meat, but the stomach does not have to work overtime or become over tired in its digestion. In summer the business man, the laborer, the athlete can all safely double their milk consumption to prevent summer disorders which are so apt to make their appearance when the hot dog days dawn. It was Nature who advised us eons ago to go light on the greasy and heavy foods in summer and depend almost altogether on vegetables, fruits and dairy foods—the latter supplying the necessary protein and fats and doing it with no fuss or trouble whatever to our internal organs. But how about winter: should one depend on milk when the snowflakes fly to bring to the body the greater energy, heat and endurance which goes hand in hand with a cold and merciless climate? To be sure—Milk is the correct answer. In fact, there is no other food which is so quickly and easily assimilated by the body, to the end that the muscle-building protein, the heat-making fats, all rush to their proper destinations and cause the whole system to glow with strength, purpose, and lasting power. You couldn't find a rival to Milk in the whole food category, and Old Man Winter knows full well that his terrors are of small account to the man or woman who goes in for Milk with a vengeance during the short days of the year.

Clearfield Dairy Co.

TRIES TRAVELERS' PATIENCE

Travelers to the upriver country had enough hay on their horns to feed a herd of elephants yesterday afternoon when they found the New York Central crossing at Rowles, near Curwensville, blocked to traffic by a coal train for no less than twenty seven minutes. The train closed the crossing at seven minutes after 2 and did not clear it until twenty-five minutes to 3 o'clock. No less than fifteen automobiles were held up on either side of the track and what some of the occupants of these cars had to say about it would not look very well in the columns of a daily newspaper.

PATTERSON-WILSON DINNER GUESTS

Among the out-of-town guests attending the Patterson-Wilson dinner and bridge given at the country club last evening were:
Mr. and Mrs. Roland D. Swoope and Miss Mary Swoope and Mrs. J. M. McKinley of Curwensville; Mr. and Mrs. Fred C. Todd and Mr. and Mrs. Thomas Horn of Philipsburg; Mr. and Mrs. Harry Shillingford of Osceola; Mr. and Mrs. Charles Anderson of Altoona; Mr. and Mrs. Charles Maxwell of Morrisdale; Mr. and Mrs. L. H. Hood of Seneca Falls.

MOXLEY'S DIXIE MARGARIN
RICH IN VITAMINES

SPECIAL HALLOWE'EN BRICK

The kiddies will enjoy "bobbin' for apples," listening to ghost stories, looking in the mirror, but most of all they look forward to the "eats" of the Hallowe'en party.

And when you serve your feast, whether it's to the little kiddies or the older kiddies (we're all "kiddies" at the Hallowe'en party) they'll enjoy it better if the brick ice cream you serve is in keeping with the party.

We have a special Hallowe'en brick made of cherry custard with a yellow pumpkin of orange pineapple down the center.

KEYSTONE ICE CREAM

Place Your Order With Your Dealer Just As Soon As You Can.

N. Y. Miss Eleanor Hyde of Sewickley, and Miss Marcella Henry of New York City.

Irish Lead Flex Growers.
There is said to be no better soil or climate for growing flax in the world than Ireland.

Appropriate to the Occasion.
A corpulent tenor was about to go on in the oratorio of "Elijah," when his trousers gave way at the seams. Numerous pins were brought into service, and finally, well trusted up he went upon the stage and sang, "O People, Rend Your Hearts, Rend Your Hearts, and Not Your Garments."

BAYER ASPIRIN
Genuine

SAY "BAYER" when you buy Aspirin

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty years and proved safe by millions for colds, headache, toothache, neuralgia, lumbago, rheumatism, neuritis and for pain in general. Accept only "Bayer" package which contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

Snake Punctured Tire.
At Pueblo, Colo., a red racer snake attacked an automobile, biting and puncturing the tire.

BETTER TOOTH PASTE
MAG-LAC
Stronger in medicinal properties it is greater in prophylactic benefits. Free from grit and still worth a good scrubbing quality. Cleverly flavored so that it tastes well.
Irwin's Drug Store
Opposite Y. M. C. A.

Way Down East Unionsuits----

This "Down East" Underwear has been as hard to get in Unionsuits as a drink of good liquor has been for years since Andy Volstead's "You-cant-have-it" went into the Constitution.

But we got 'em, folks, and they're here waiting for you to come and get 'em. We've featured the two-piece suits here for a long time, but now we've got the Unionsuits for the chap that won't wear anything else.

They're all the kind that will make you feel as warm as June when the mercury flirts with zero. Sizes run from 34 to 52.

ODDS AND ENDS AND THINGS

By J. D. C.

Old Hardman Phillips, founder of Philipshurg, must have got "well peeved" at the actions of some of the early day residents of the Centre county metropolis. Phillips had things his own way in the town which bears his name and appeared to have a much more aggravated idea of his own importance than did some of his neighbors. When Hardman found there were "other pebbles on the beach," he decided to pass the whole thing up and return to England. Before leaving he gave certain commissions to the late Josiah W. Smith, of Clearfield, and we give herewith a letter Agent Smith received from the founder of Philipshurg after he had returned to "dear old Lunnnon." The letter shows the extent of Hardman's grouch.

At Francis Phillips' Esq.
Abbey Court Hill,
Near Rhayader, Radnorshire,
21 July, 1846.

Dear Sir:

I received by the Great Western your favor of the 12th, and at the same time advice from Liverpool of the receipt of the remittance of the \$1,000 you mention having deposited for me in the Philadelphia Bank. That and Mr. McAlister's remittances arrived very opportunely to recruit my finances which had been a good deal impaired by our expenses on removing from Jersey. I am truly rejoiced to learn that Ullmann Co had paid their taxes. I can hardly think they would have done so, without being a fair prospect of forming a solid company in the event of the organization of the Central Railroad Co. At all events we are now so near the 1st Sept. when \$25,000 of principal as well as 2 years int. will be due, I would not have you to commence suit till those sums can be included. You can easily ascertain through Mr. Montgomery's means or at the Bank whether the payments have been made as regards the \$25,000. I am truly glad to hear of your offer to accept int. and if not, Mr. Burnside and you will then please to proceed to recover possession of the estate by the most efficacious means, and I will also enforce the mortgage on the New York houses, which I am told ought to produce me from \$12,000 to \$15,000.

It will be necessary to take all proper means to keep the expenses of the recovery as moderate as possible for which purpose a bargain with the respective Sheriff should be made, and I should be glad to know what Mr. Burnside's and your charges will be on the occasion.

My health is so much better in England than it was in Pennsylvania and I am so thoroughly disgusted with localism and the constant strikes of parties, destroying the prosperity of the Country, that I have no idea whatever of returning to the States. The party leaders about Philipshurg may fancy that were I among them again, they would get a different part, but it is not in them. When there is such a total want of consistent principle that a whole party could be brought to sign a petition against a Rail Road scheme, which if effected would have improved all their circumstances, no dependence whatever can be placed on such a faction. The slightest difference of opinion would revive the whole system. That arch fiend Andrew Jackson was the origin of all the evil. Till his time I was as popular as any man ought to be and the whole settlement for any common cause pulled together as one man. It was Jackson's five brands pitting

one class of society against another that first begot opposition. Dr. Plunk's folly in lending himself to the movement gave it a head, the results of which will hardly cease with the present generation.

I have made arrangements with Mr. Bagshaw to return to the estate to dispose of it in detail, but I think he would rather remain in England and therefore I should be willing to receive proposals for the agency predicated on the plan of Commission being charged on remittances only. Perhaps a party might be formed including Edward Lloyd on the spot to take charge of the several duties.

I have communicated to Mr. Bagshaw that you name about Harnish and enclose you his reply, which could be verified of course under rule of Court or Commission. Here's one of the most impudent attempts at set off I ever heard of and I do not believe one word of it. Certainly he never made the slightest complaint to me. It was Bagshaw who transacted the sale with him.

Glass farm is worth \$6 per acre cash and Hagerty's \$6. I would wish you to take the first offer to sell them, but not deviating materially from their price. Bagshaw writes me word that he has the intention of writing about the tract Mary Neil, the heiress had possession 21 years and then holding by long tenure. He pleads to look into this and do what may be needful.

We are here on my brother's Welsh property with the queer names meaning "the Abbey in the long valley," sustaining until we can get possession of a very pretty country residence we have taken about two miles from Monmouth, called Philipshurg but pronounced "Pentowid." Continue to direct here and I will send my letters to follow me if we should have left.

Mrs. Phillips and I very kind regards to Mrs. Smith and yourself with

My dear sir,
Yours very truly,
HARDMAN PHILLIPS.

Josiah W. Smith Esq.

EASY TO DARKEN YOUR GRAY HAIR

Try this! Brush Sage Tea and Sulphur Compound through your hair taking one strand at a time

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and trouble some. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Woolly's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair has appeared and, after another application or two your hair becomes beautifully darkened glossy and luxuriant. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get those old ones with Woolly's Sage and Sulphur Compound and look years younger.

JOY RIDERS SWIPE EMORY GEARHART'S SEDAN LAST NIGHT

Joy riders stole Emory J. Gearhart's Buick sedan from in front of his home on West Front street between 6 and 7:30 o'clock last evening. Mr. Gearhart drove home to dinner, leaving the car in front of the house about 6 o'clock. While he was dining the car was stolen.

The police were notified and traced the car toward Philipshurg and about 10:30 o'clock last night they found it abandoned alongside the State road about a mile this side of Philipshurg. The car was considerably damaged.

A reward will be paid for information leading to the arrest and conviction of the car stealers. It is likely they hopped a ride back to Clearfield during the evening and if automobilists who happened to give a lift to young men coming from Philipshurg last evening will give the names of such persons to the police it may be possible to locate the thieves and have an example made of them.

This has been designated Navy Day. The Navy rendered vital service to the nation and to humanity during the World War. No great fleet action was fought to give spectacular emphasis to its vital contribution to the victory. But the convoy, the anti-submarine patrol, the mine barrage were essential factors in the winning of the war and the saving of civilization. So it has been in every crisis of our history—the Navy has not failed. In the Revolution, the War of 1812, the Civil War, the Spanish-American War, victory without the Navy would have been virtually impossible. Today our peace and prosperity are safeguarded by the Navy. It is an agent of stability in a troubled world. It carries no threat, but it lends authority to America's voice, speaking for altruism, justice and law.

On Navy Day we would celebrate the consecration to duty of the personnel of the present Navy, the glorious services rendered to the nation by the Navy of the past. We would emphasize its unity with every interest and activity of the national life. It is good for the people to stop a moment and consider what has caused the nation's prosperity and greatness. The Navy has played no small part in the progress of America to its present state and influence.

ROOSEVELT

That which we call American is the essence of many characters. The legend of a Washington or of a Lincoln is the memorial of the past which, given life through interpretation, is our Today.

Theodore Roosevelt, whose birth occurred just sixty-three years ago, contributed his character to the national expression. Far greater than the mere political success of his career is the legend of that Roosevelt, faulty as all may be, wrong sometimes and right often, who was so vigorous a prophet of virile manhood and constructive citizenship.

Time softens the memories of animosities; Roosevelt, not yet far distant from us, has some still to decry him. But time has that way of etching its permanent pictures from a blur of contradictions. Today the Roosevelt of national memory already is taking on sharper lines, the figure becomes more rugged, the tense expression more compelling, the whole embodiment something of greater and enduring youthfulness than that day when his quick passing shocked the world.

From the best of these, the Roosevelts and the others, comes our heritage. Each age expresses itself through its leaders and, frequently, so little does the crowd know itself, is surprised at the quality of the echo. They bridge time for us, identifying the whole people with those larger works their leadership enables them to achieve. He who leads most truly and is remembered most gratefully is he who was, even for an hour, the people and spoke their voice.

Such on more than one occasion was Theodore Roosevelt. The nation which accorded him the sublimity of that privilege recalls his devoted memory with abiding respect and affection. "The evil that men do lives after them; the good is oft interred with their bones"—a false word in this land. Here we forgive honest ill and take that which is good to bulwark the foundations of our faith.

Punishment Suited Jack.
Jack had been naughty and his teacher said: "Now, Jack, I've talked and talked and you won't be a nice boy so bring your books and sit at my desk, so I can watch you." Jack slowly gathered up his primer and tablet and climbed up on the stool. The other children all laughed. After a time Jack said: "I like to sit by you." Needless to say Jack didn't have to any more.

Billy Was "Wise."
Billy was sent with a note to a little shop around the corner for some cream and returned with a box of cracker jack and some gum, whereupon his mother said sternly: "Billy, did you give the man in the shop your note?" And Billy answered demurely: "No, I didn't give that man my note. I weaned it myself."

Peculiar Tribal Customs.
In the Eastern Archipelago male doctors in certain tribes wear female dress, and the women doctors in other tribes array themselves as men. Their villages, again, where both a male and a female doctor may be found, and in other places women doctors are for bidden to marry, and form something, in the nature of a sisterhood.

Raymond's Forgetfulness.
Raymond, who lives in the country had been taken into town by his mother to dine at his uncle's. After dinner, as he sat joyously watching his city cousins playing about, he suddenly became embarrassed, noticing the smart frocks of the little girls and the Lord Fauntleroy rigs of the boys, and appeared to try to hide his feet back of the round of his chair. When his mother questioned him, he whispered, almost tearfully: "Before I came I forgot to paint my shoes."

Your Business

NEEDS A BANKING CONNECTION THAT IS SYMPATHETIC—ONE THAT IS CAPABLE OF UNDERSTANDING ITS OPPORTUNITIES AS WELL AS ITS LIMITATIONS.

Maybe this is the Bank where you belong.

CLEARFIELD TRUST CO.
(Temporary Offices—Littman Bldg.)

STEEL BUSINESS IS NEAR TO NORMAL IS BELIEF OF GARY

New York, Oct. 27.—Steel mills are producing about 75 per cent. of capacity Albert H. Gary, said in a speech to the American Iron and Steel Industries Association here to night.

"In spite of the difficulties which we have had to overcome," Gary said we have brought the steel industry up to nearly normal and hope in the near future to have a settled industry. "We are making economies in many ways and in spite of the fact that the selling prices have not kept pace with the production costs, the industry is nearing normalcy."

"We have still to get back to a basis where we can yield a profit and will do so as soon as it is at all possible," Gary spoke of the value of publicity in connection with the steel industry. "The full explanation of the situation to the public of the uses of capital and the management of it, the candid reports from time to time of the labor conditions as regards labor, cannot be overestimated whether the reports come from a private individual or from an industry."

He said nothing could be said against labor in justice to the conditions which prevail at this time.

Speaking against the cancellation of the interallied debt, he said that the cancellation would amount to forced charity and would bring about a sense of dishonor to the donors and an unnecessary sense of obligation to the acceptors.

Gary said he hoped to see another great international peace conference at Washington in the near future.

Two Uses for Words.
Words are wise men's counters; they do but reckon by them; but there the money of fools lies hidden.

Thought and Inclination.
Men's thoughts are much according to their inclination—these.

LANDED FIRST BUCK FOR 1922

A. W. Leonardson is the first Clearfield hunter to get a buck for the season of 1922 and when he drove boldly up town this morning with a fine "four pointer" tied across the back of his car about amateur game wardens got busy at once. There was no procession however as Mr. Leonardson had got his buck while with a hunting party of fifteen which spent the past ten days in the Adirondack mountains of New York State, near the Canadian line. The party got ten deer the "four pointer" falling to Mr. Leonardson's rifle.

He left the hunting camp yesterday morning with the buck strapped on the rear of his car and traveled the intervening 277 miles to his South Second street home by 12:30 o'clock last night.

He reports that on last Thursday more than 6 inches of snow fell in the Adirondacks while the thermometer dropped to zero Thursday night.

WOODLAND GIRL WAS JUNE BRIDE

Miss Hazel E. Duffy's Marriage to Oscar V. Dayton, of Tyrone, Jan. 4 Made Known.

On Saturday, June 24, 1922, Oscar V. Dayton, of Tyrone and Miss Hazel E. Duffy of Woodland were united in marriage. The happy affair was kept a complete secret until Wednesday, Oct. 25th when the news was made known to the many friends of the newlyweds.

The bride, whose home town is Woodland, Clearfield county, is a young lady of exceptional ability and for several years has been the efficient supervising nurse of the Municipal hospital, Philadelphia. The happy groom has filled a responsible position with the Pennsylvania Railroad Company for a number of years and at present is a weigh master at the Tyrone scales. He is a young man of sterling character and has appeared often in home talent musical productions.

The bride and groom are now spending a season in Philadelphia, New York and Washington, D. C. The best wishes of a large circle of friends are extended Mr. and Mrs. Dayton.

ENJOYABLE HALLOWEEN PARTY

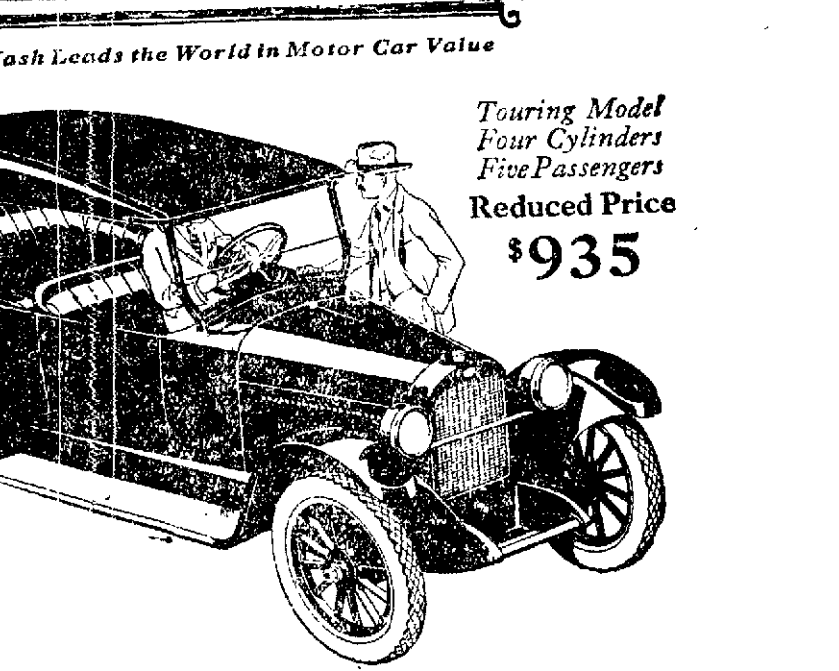

Miss Josephine Ellis delightfully entertained twenty-one of her girl friends at a halloween party at the home of her parents, Mr. and Mrs. P. M. Ellis, on Locust street. The house was artistically decorated, which, with the handsomely costumed participants made up a pretty scene. Delicious refreshments were served and greatly enjoyed, even tho a bunch of "hard guy" kids swiped the first lot of icecream off the back porch and made a second trip to the ice cream factory necessary. Miss Josephine proved a charming hostess and the evening was a most enjoyable one.

NOTICE

We wish to announce the removal of our works and main office to our new plant at Spruce and Fourth Streets. With improved facilities at the new location we are better prepared to serve our trade than ever before. Your inquiries are solicited for machine and foundry work.

To accommodate larger stocks in our Warehouse Department we have moved it into the old plant buildings at Fourth and Pine. We are converting these into a modern supply house from which all of our mine and mill supply business will be handled. The purchasing agent's office will also be located at the Warehouse Department. All other business will be transacted at the new plant.

For the present our phone numbers are:

Figure It Out Yourself.

Billy had just started to school. His sister asked him if they were seated according to average or height. Billy replied: "Oh no; we are seated according to length."

Do This in Your Head.

Here is a simple little mathematical question the answer to which seems a paradox. "Suppose the earth spherical, and a cable laid along the equator in contact with the surface. Its length would be about 25,000 miles. If the cable were everywhere six feet from the earth's surface, how much longer would it be?"

When the Lamp Burned Low.

That was a beautiful eclipse of the moon Wednesday night. It brought up memories of the good old times when the lamp in the best room was turned low.—Toledo Blade.

Cloud of Witnesses.

"But how can I know that you really love me?" sighed the village maiden. "Just ask anybody in Jenkville," loudly answered the traveling man who had visited her two Sundays in succession.—Judge.

Still Cling to Cisterns.

There still are in use in New Orleans about four thousand cisterns, according to reports to the sewage and water board.

He Cuts It All.

Now that it no longer is good form to whip the children, father takes all the punishment that is administered to the family.—Topeka Capitol.

VITAMINES

essential, health-building factors, have always been in cod-liver oil and account for its helpfulness in overcoming malnutrition.

Scott's Emulsion

should be taken for a reasonable length of time daily, to enable its rich, vitamin-nourishing virtues to help refresh, energize and build up the body.

Scott's Emulsion, London, N.Y.

SELZ SIX SHOES

Here's a man's shoe that will make history for itself in this city as soon as I can get a few men wearing them. You'll find that there is more wear in them than you have been accustomed to getting for your money. And Selz says that they are all leather.

Come in modified English lasts, also in bluchers with full toe. Have them in C and D widths. Sizes run from 6 to 10. Tan only.

Women's Oxfords

Have two good lines of these—the W. W. W. and the LENOX—and you'll find that for style, wearing qualities there are none better for the money.

We have these in a variety of leathers and heel heights and we know how to fit them.

CURWENSVILLE

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Paul Robison left for New York City today. He will take in the West Point-Yale game at New Haven Saturday.

Health Officer Weaver notified the wife yesterday that he had placed a diphtheria card on the home of Mrs. Harry Wilson, and also one on a William O'Connor's for chicken pox. Both families reside on South Side.

The members of Bear Run Hunting Club held a business meeting last evening and discussed ways and means for the deer season.

Rev. Mr. Duffy, a member of the Michigan Methodist conference, will preach in the M. E. church next Sabbath morning. In the evening Prof. Grant Norris will address the congregation.

Last evening the members of Curwensville Chamber of Commerce met in conclave. Some interesting subjects were discussed bearing on the business interests of Curwensville.

Rev. Dr. Collins goes to Oseola Mills on Sunday to assist the Methodist people of that vicinity in the project of a new church building.

At the close of working hours today the wide concrete surface drains will be completed and the twenty-one foot street will then be graded ready for brickwork.

Don't Have To Get Up Nights Anymore

Dayton Man Reports Quick Relief From Bladder Trouble That Caused Him to Get Up 15 to 20 Times Nightly

Mr. John Lumpkins of Currie St. says in his own home paper the Dayton Herald: "For two years I had to get up 15 to 20 times each night. The condition was awful. After taking a few doses of Bladder (Keller) formula the trouble came, until at least 25 times have passed. Some were as late as 4 a.m. I am glad to have this way of getting my fellow sufferers about this great new remedy. Bladder (Keller) formula acts on the kidneys and bladder, the 2500 salts or the bowels. It cleans them out, removes the bladder of all abnormal deposits. The tablets cost 25 cents. This price makes it possible to place in the formula several expensive drugs, which are useful for relief. The formula is on the package. It is likely you have never taken anything similar. Try a few doses. If headache, neuralgia, sciatica, backache, uric acid, freckles, etc., are not in it, be sure to get the Keller formula. Bladder (Keller) formula is sold at Stewart's Drug Store, and drug stores everywhere or write The Keller Laboratory, Mechanicsburg, O."

Special Sale of BULBS

We have now started our annual sale of bulbs and you'll find that the bulbs are a little better than you've been getting before on account of the conditions.

PAPER WHITE NARCISSUS

If you start these now you'll have them in bloom for Christmas.

5c Each TULIPS

We have a couple of different species of tulips, the big double ones and the Darwin tulips. These come in all colors and are good sure bloomers.

2 for 5c DAFFODILS

We have these in white and yellow and they are good and sturdy bulbs.

2 for 5c HYACINTHS

We have these in all colors and plenty of them.

7c Each GLASS AND POTTERY BOWLS

If you haven't the bowl to start your bulbs, we have. They come in sizes to accommodate a varied number of bulbs and are just what you will want. 25c, 50c, 75c, \$1.00.

Kurtz Stationery
Store

The sudden death of Samuel W. Bloomington on Wednesday evening was caused by a stroke of apoplexy, and no further cause is just reported. He was a son of Michael Wise, deceased, and a brother of Mrs. F. L. Robison and James Wise of this place.

An interesting meeting was held by Curwensville Lodge K. of P. in the Moose hall last evening. There was a good attendance and plans were made for considerable degree work during the winter months. The K. of P. is one of the oldest and most solid fraternal organizations of Curwensville.

Saturday the football squad goes over to DuBois. The team is in good fighting trim and ought to make a good showing, if not returning home victorious. A fairly number of spectators will accompany the team to see them long in their work on Saturday.

P. Grant Norris left last evening for Harrisburg, ostensibly in

Here Is A Record for MAJESTIC RANGES That Cannot Be Gainsaid

A Performance of This Wonderful Range
Right Here In Clearfield That Will
Stand the Light of the Strictest
Investigation.

On October 15th, 1911, a range was placed in the kitchen of the then Jordan Restaurant. Since then the entire old Wiltmer Inn has been included in the Jordan Hotel.

On this range there has been an average of **300 meals per day** cooked and **one hundred gallons of water** heated every three hours, the stove working the entire **twenty-four hours**. Every twenty-four hours there has been seven buckets of coal burned.

Upon one occasion, the appearance of the Hagenbeck-Wallace Shows, there were cooked on this range **4200 meals** and short orders and through the water heater went enough water to keep the dishwashing machines going. During Fair Week of this year, there were an average of **3,000 meals** and short orders cooked on this range daily and enough hot water furnished not only to wash the dishes, but to furnish hot water aplenty for the thirty odd bed rooms.

During the time this range has been in service in the Jordan kitchen, over twelve years,

There has been an expense of less than \$75 for repairs

**AND This Range Is Being Used Every Day and Can Be
Seen In the Jordan Kitchen. By Any Person Who So
Desires.**

Mr. Jordan is so thoroughly sold on the **MAJESTIC RANGE** that he contemplates the installation of another of the same style and pattern but of a larger size, so that his increasing business may be more efficiently cared for.

See the Demonstration of the **MAJESTIC RANGES**
In Our Store Tomorrow Sure.

From 9:30 to 12:30

Gossip For Tonight's Tea Table

Miss W. R. Barber of Chicago is visiting at Allen Wrigley's on South Second Street.

Mr. and Mrs. William McFarland gave a hallowe'en party for their daughter, Miss Althea, at their home on Clearfield street last evening. Thirty guests enjoyed the occasion, a peanut hunt being productive of much fun. Miss Jean Kelly won the prize for the best costume, while Gerald McFarland's was unanimously voted the worst. He headed the list when the refreshments were served.

The Captain and Mrs. Thos. E. Clark celebrated the Captain's eighty-first birthday yesterday by a dinner party at the Dimeling hotel. There was a noticeable absence of the "highspirited" but otherwise everything was highly enjoyable.

Mr. and Mrs. L. H. Hood of Seneca Falls, N. Y., are the guests of the A. Wright Biglers.

Mr. and Mrs. Charles Anderson of Altoona are visiting Mr. and Mrs. Leslie Wallace.

Mrs. Fred B. Kerr is spending several days in Pittsburgh.

Miss Laura Fulford left today for Philadelphia where she will spend several weeks visiting friends.

A. M. Liveright, Esq., has returned from a trip to Philadelphia.

Miss Chorpennig entertained the Y. P. B. at her home on Pine street last evening.

Miss James Mitchell, Sr., returned yesterday from Scotland.

Misses Edna Pierce and Frances Geppert entertained their Sunday school classes at a hallowe'en party given at the Sunday school rooms on Monday evening.

Robert Wright left yesterday for Cleveland.

FOSS CANDIES?

WHY NOT

You're going to buy some candy for eating over Sunday and why not make it a pound or so of these tasty FOSS CANDIES. We have them in bulk or in boxes and you'll find them easy to eat.

Special Sale of COATS

For Friday & Saturday At \$19.75

Here are smart new style Coats of all wool Velour with self material collars. Some have beaverette collar in brown deer and navy. These are wonderful values at the price **\$19.75**

Jaunty Scarf and Hat Sets of Angora	Stylish Coats For Strenuous Little Girls
Scarf and Hat Sets solve two problems: for mother, that of making one dollar do the work of two; for daughter, that of comfortably and dashing dressing for sports or school. They come in fascinating color combinations; so warm and comfy, too, with no burden of weight.	Little Miss Six-to-Twelve is so full of play that her first demand in clothes is for wear and tear—something that won't everlastingly rip and tear at the slightest provocation. Coats, in particular, fall under her ban unless they are both light in weight and "built for endurance." These Coats of chinchilla, serge and cheviot meet these specifications and go them one better—they are very good to look at, too.

98 Out of Every 100 Women Benefited

An Absolutely Reliable Statement Important to Every Woman

Remarkable Results Shown by a Nation Wide Canvass of Women Purchasers of Lydia E. Pinkham's Vegetable Compound.

50,000 Women Answer

For some time a circular has been enclosed with each bottle of our medicine bearing this question: "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

Replies, to date, have been received from over 50,000 women answering that question.

98 per cent of which say YES.

That means that 98 out of every 100 women who take the medicine for the ailments for which it is recommended are benefited by it.

This is a most remarkable record of efficiency. We doubt if any other medicine in the world equals it.

Think of it—only two women out of 100 received no benefit—98 successes out of a possible 100.

Did you ever hear of anything like it? We must admit that we, ourselves, are astonished.

Such evidence should induce every woman suffering from any ailment peculiar to her sex to try Lydia E. Pinkham's Vegetable Compound and see if she can't be one of the 98

THE LYDIA E. PINKHAM MEDICINE CO., Lynn, Mass.

Of course we know that our medicine does benefit the large majority of women who take it. But that only two out of 100 received no benefit is most astonishing.

It only goes to prove, however, that a medicine specialized for certain definite ailments—not a cure all—one that is made by the most scientific process; not from drugs, but from a combination of nature's roots and herbs, can and does do more good than hastily prepared prescriptions.

You see, we have been making, improving and refining this medicine for over 50 years until it is so perfect and so well adapted to women's needs that it actually has the virtue to benefit 98 out of every 100 women who take it.

It's reliability and recognized efficiency has gained for it a sale in almost every country in the world—leading all others.

We are proud of our reputation as distributors of distinctly high quality groceries. It is a reputation WON only after SIXTY-THREE YEARS of hard application, of persistent effort exerted in the direction of making the A. & P. Store the only store in the world where the public receives the HIGHEST QUALITY obtainable for ECONOMY PRICES.

THE CLEARFIELD PROGRESS, CLEARFIELD, PA., FRIDAY EVENING, OCTOBER 27, 1922.

RECTOR'S WIFE AND BROTHER NAMED BY EYE WITNESS AS REAL MURDERERS OF REV. HALL AND HIS CHOIR SINGER

Mrs. Jane Gibson Says
She Saw Mrs. Hall and
Harry Stevens Commit
Bloody Crime.

WOMAN HAS ALIBI

New Brunswick, N. J., Oct. 26.—Mrs. Francis Stevens Hall, widow of the slain rector of the Protestant Episcopal Church of St. John the Evangelist, and her brother, Henry Stevens, are the man and woman named in the sworn statement of Mrs. Jane Gibson, self-styled eye-witness of the double slaying of the Rev. Edward Wheeler Hall and Mrs. Eleanor Mills, on the night of September 14.

That became known tonight through a statement by Mrs. Hall's attorney, Timothy N. Pfeiffer, denying the facts of Mrs. Gibson's account and declaring that neither the rector's widow nor her brother was on the Phillips farm on the night of the double slaying.

"Mrs. Gibson's statements are contrary to the facts," Mr. Pfeiffer said. "Mrs. Hall was in her home all evening. Barbara Tough, one of the maids, was out that night, and Louisa Geist, the other maid, was on the back stoop. There was no one else but a little seven-year old niece in the house with Mrs. Hall. But there may have been one visitor."

New Brunswick, Oct. 27.—Mrs. Jane Gibson, the alleged eye-witness to the Hall-Mills murder, was taken to the Court House today for a grilling by Prosecutor Mott, so that he may piece together the story that she saw the man and woman shot down.

At the same time a diligent search is being made for the old fashioned automobile that was seen to enter De Roussey's lane on the night of the murder.

Following this Prosecutor Mott said that he was investigating the statement that Mrs. Hall was at home during the night of the crime and that Willie Stevens, Mrs. Hall's brother was not making a clear alibi.

"HAMMER" MURDER CASE NEARS CLOSE AT LOS ANGELES, CAL.

Los Angeles, Oct. 27.—Peggy Caffee, the alleged eyewitness expected to clear Mrs. Clara Phillips of the charge of murder in the "Hammer" case when Mrs. Alberta McGowan was clubbed to death.

State attorneys announced that they would close their case after the examination of Peggy Caffee. Following this Mrs. Phillips will take the stand in their own defense.

"Both she and her husband will be able to tell stories that will result in a lot of light being thrown on the case," it was announced by Mrs. Phillips' attorney.

PLOT TO ATTACK GERMAN OFFICIALS EXPOSED IN BERLIN

Berlin, Oct. 27.—Soldiers and detachments of reserves were rushed to Wilhelmstrasse today where it was learned that there was a plot to attack President Ebert and Chancellor Wirth. Reserves were held in readiness for the first sign of trouble.

Soldiers searched all the houses in the vicinity of the residences of Ebert and Wirth but could find nothing that would bear out the rumors, while strong detachments of soldiery guarded the home of Ebert.

Bill Ammerman arrived here from State College today to spend the week-end at his home.

CHICAGO WOMAN MAY HAVE POISONED HER FIVE HUSBANDS

Chicago, Oct. 27.—The authorities have ordered the bodies of four husbands of Mrs. Michael Klimik to be exhumed following the report of the physician attending her present husband, Joseph Klimik, who is said to be dying of slow poisoning. They are holding a son-in-law, Jos Mitkewicz, in connection with the investigation.

The case was brought to the attention of the authorities following the report of Dr. P. Burnes who stated that he was certain that Klimik was dying of a slow poisoning. It was stated that Mrs. Klimik recently took out two insurance policies on the life of her husband.

In the course of his investigation, Dr. Burnes in questioning Klimik, found that he had been ill for about six months and that he made a statement that he could not account in any way for his illness.

HAYES BORO MAN SUFFOCATED IN SHOP FIRE THIS MORNING

Pittsburg, Oct. 27.—One man suffocated and a volunteer fireman was seriously injured when fire swept the blacksmith shop of a man named Crook in Hayes borough today. The fire spread to adjoining buildings and did damage to the amount of \$4,000.

Sante Decarrio is the dead man. He lost his life in an endeavor to save his trunk from one of the burning buildings.

PHILIPSBURG SONG BIRDS ENLIVEN ROTARY MEETING

The outstanding feature of last night's Clearfield Rotary Club was the singing of the quartet of the Philipsburg Rotary Club which paid the local Rotas a friendly visit. No speaker had been assigned to this meeting, President Albert Bigler deciding that he would devote the time generally allotted to the "speaker of the evening" to an open forum where every fellow could unburden himself of a small portion of the "kicks" in his system.

The Philipsburg quartette sang so sweetly during their several efforts that—like it used to be boasted of in the pre-Volstead days—there was not a "single kick" in the whole bunch.

The quartette was composed of Bob Stauffer, the live-wire secretary of the Philipsburg club, whose mission in life is to "shirt the naked"; Charley Bange, Ray Bragonier and Max Pearce, while in order to have the music provided in keeping with the fine quality of their singing, they had Mrs. Charles Bange come along to play the accompaniment, which was most artistically and pleasingly done.

The next meeting of the local club will be held on Tuesday, October 31st, at which time District Governor Geo. F. Lumm, of Harrisburg, will be present. The District Governor will present their charter to the Philipsburg club at their meeting to be held at the Hotel Phillips that evening at 5 o'clock and Secretary Stauffer extended an invitation to the local club to attend that meeting.

St. Francis school will give a masquerade party this evening. A very interesting program has been arranged.

FACISTI FACTION TO HELP REORGANIZE ITALIAN CABINET

Rome, Oct. 27.—Benito Mussolini, leader of the powerful Facisti, was summoned to Rome today to negotiate for the inclusion of the Facisti in the reorganization of the Cabinet.

In an interview it was officially announced that Premier Facta will not make public his resignation until it has been presented to King Victor Emmanuel.

GERMAN CAPTAIN MAKES VAIN FIGHT TO SAVE SCHNAPPS

Houston, Texas, Oct. 27.—Federal prohibition agents swooped down on the German steamship Oberschlesien which docked here today and seized 258 quarts of liquor.

The captain of the liner objected to the seizure and it was necessary for the prohibition officers to chain him, handcuffed to the rail of one of the upper decks while they searched the vessel.

HIGH SCHOOL MASQUERADE

The High School will hold its annual masquerade party on Friday evening at the school. Prizes are awarded for the most original, prettiest and funniest costumes and a special entertainment is arranged. There is usually a large audience and everyone who cares to come is very welcome.

FIVE STUDENTS ARE KILLED WHEN TRAIN HITS AUTOMOBILE

Holgate, Ohio, Oct. 27.—Five Holgate students met death here today when the automobile in which they were riding was struck by a fast B & O freight train at the Main street crossing. The dead are: Cecelia Royal, 14; Wilbur Royal, 15 her brother; Vergil Brown, 18; Selma Stinet, 18 and Larry Schwab, 16.

All five lived in New Liberia, about seven miles from here, but attended the Holgate High School.

The bodies were mutilated beyond recognition.

FILES DAMAGE SUIT AGAINST FORMER CUSTODIAN PALMER

White Plains, N. Y., Oct. 26.—Dis-solution of the American Bosch Magneto company, restoration of its control to the pre-war owners and damages of two million dollars were asked in suit filed in Supreme Court here today by Albert Klein, a resident of Germany, through his counsel, Harvey Andrews, of New York.

Naming A. Mitchell Palmer, former alien property custodian, as a defendant, along with Arthur T. Murray and Martin E. Kern, officials of the company, Klein alleges that the trio used Palmer's official position to defraud the pre-war owners out of their property.

WILL "SUGGEST" THE VOLSTEAD ACT BE MADE MORE LIBERAL

St. Louis, Oct. 26.—United States Senator Selden T. Spencer today issued a statement saying that shortly he would offer "suggestions" for the modification of the dry law, declaring it to be "unnecessarily harsh" in some of its provisions. Mr. Spencer voted for the Volstead law.

SEIZE MEXICAN CONSULATE TO COLLECT CLAIM

Washington, D. C., Oct. 27.—The Mexican Consulate in New York city was closed today on account of an attachment issued by the New York courts.

The attachments were issued by Oliver American Trading Company and were alleged to cover several accounts which were long past due.

SLIGHT FIRE ON PARK AVENUE

A slight fire at the home of Hugh Dougherty on Park Avenue, caused by a defective fuse, resulted in the calling out of the fire department about 9 o'clock this morning for the first time in several weeks. The fire laddies were quickly on the scene and the blaze was subdued with but very slight damage.

KERRMOOR MAN HELD IN \$2,000 BAIL ON RECOMMENDATION OF GRAND JURY AFTER INVESTIGATING THE "SHOVEL KILLING"

OHIO MURDERER BURIED WIFE ALIVE AFTER BEATING HER

Painesville, Ohio, Oct. 27.—DuBois county sheriffs were making a thorough search for the pistol said to have been used to club Mrs. Hazel Burns to death previous to her burial in the shallow grave in the woods near here. The discovery of the weapon, it was said, would fasten further the chain of circumstantial evidence that the authorities are weaving about the slayer.

Henry Burns, husband of Mrs. Hazel Burns, who is being held here by the authorities, continues to assert that he is innocent.

That Mrs. Burns was buried alive is the belief of the authorities. Following the autopsy, it was disclosed that she was not shot as there were no bullet wounds found upon the body. The small hole under her eye, was found to be a deep cut made by some more or less sharp instrument.

Col. W. D. Uhler, State Highway Engineer, Dies Of Paralysis

Harrisburg, Pa., Oct. 27.—Col. William D. Uhler, chief engineer of the Bureau of Highways, died here today aged 49 years. Uhler has been ill for some time with paralysis.

Uhler was a native of Nazareth, Pa., and was recognized as being one of the leading highway engineers of the country. He was appointed by Gov. Brumbaugh to the post of Chief Engineer in 1916 and reappointed by Gov. Spraul in 1919.

BIBLE CLASS TO BANQUET

The Men's Bible class of the West Side Methodist church will dine at the Hotel Jordan this evening at 7:15 p. m. An entertaining program has been arranged for the occasion.

PRESIDENT J. M. QUIGLEY OF LOCAL HEALTH BOARD KNOCKS COMMON DRINKING CUP

Dr. J. M. Quigley, President of the Clearfield Board of Health, delivered an address on "Communicable Diseases" before the District Health Board meeting at Altoona on Wednesday afternoon last. The Altoona Mirror of Thursday gave the following mention of Dr. Quigley's address:

"Communicable Diseases" was the subject of a timely and instructive talk given yesterday afternoon at the semi-annual meeting of the district board of health association No. 5 at Community Hall, city building, by Dr. J. M. Quigley, president of the Clearfield borough board of health. The physician declared that communicable diseases are like the proverbial poor—always with us, no matter how thorough our vigilance.

The science of preserving health has as its aim to render growth more perfect, decay less rapid, life more vigorous and death more remote, he said, and the study of this science has been vigorously pursued since time immemorial. The duties of the health boards, the doctor declared, are varied and cover a wide area and call for the best that is in the individual.

After enumerating a long list of communicable diseases, Dr. Quigley spoke of the tendency of many people who are otherwise law abiding to "duck" the quarantine laws. He included many doctors in this list, basing the conclusion on the trouble health boards experience in getting them to make reports.

The importance of quarantine laws in town and urban communities was made plain. So long as people live in obscurity, it does not matter much for the spread must necessarily be confined to small quarters, but this is not the case where population is centered.

The physician spoke on curative versus preventive methods. Physicians should work in harmony with health boards for preventing the appearance or spread of communicable diseases, and when this fails in part or in whole, then expand the efforts on the curative. The preventative comes first, however.

There have been many happy experiments made, some of them in recent years, which are preventative that no practitioner or board of health should be as their work without having every available preventative at hand. The doctor took occasion to take a dig at the common drinking cup and told of the tendency of people who dispense drinks to refrain from abiding by the law's demand that the glasses or cups be washed thoroughly after being used.

He even declared the common communion cup should be ruled out. For said he "cleanliness is next to godliness." The opinion of Dr. Quigley is that many diseases are spread by the common drinking cup and the only way to stop it is to have the next legislature pass a law requiring that all drinks be served in containers that can immediately be destroyed.

MOUNT UNION HIGH FOOTBALL TEAM

Mt. Union Grid Warriors Will Meet The C. H. S. Team At The Park Tomorrow

By DICK LEIPOLD

When Clearfield High and Mount Union High trot out on the local grid-iron tomorrow afternoon, it will be the fourth consecutive meeting of the main line school and C. H. S. Clearfield has two wins to her credit, and Mt. Union one. In 1919 Mt. Union's team was the strongest schoolboy machine to oppose the Red and Black's famous eleven that fall. Clearfield won 7 to 0. Last fall, as a feature contest on the Huntingdon county team's schedule, the local students journeyed to Mt. Union and were defeated 21 to 13. A win for the visiting eleven tomorrow would tie the series.

Mt. Union Tied Johnstown.

A couple weeks ago Mt. Union High journeyed out to Johnstown, and in a torrid session of football played the flood city team to a 0-0 tie. Johnstown then turned around and handed the powerful Huntingdon High machine a 12 to 6 lacing, which makes the Mt. Union squad appear to have the edge on their county seat school's team, Huntingdon H. S. Reports from the main line town are to the effect that the Union boys are determined to "let Clearfield High's gridgers know they have been in a game," when the final whistle blows.

C. H. S. Ready for Game.

Although several men will start tomorrow's game at new positions, Coach Reed's pupils are expected to play with at least twice as much fight and spirit as shown in last Saturday's contest with State. All week

Name	Wt.	Position	Wt.	Name
J. Corson	130	LE	130	Mohney
McKendric	145	LT	160	Moore
Gifford	138	LG	160	Betts
Weyant	168	C	150	Wetherow c.
Feeteroff	165	RG	164	Maines
Miller	147	RT	166	Pearce
Corson	132	RE	124	Mitcheltree
Klinger	130	QB	160	Johnson
Wharton, c.	138	LH	140	Wilson
Appleby	135	RH	155	Ha. Johnson
Gerlock	165	FB	158	Howe

Referee, Reading, Bucknell. Linesman, Shirey, U. of P. Umpire, Lee, U. of Virginia.

Coaches Reed and Walt Megal have labored to instill a fighting spirit into Capt. Wetherow's men, and judging by the way the fellows snapped into signal drill last evening the local machine is hitting on eleven spark-plugs, whose misfires last Saturday were caused by not enough "brushing up" which they have certainly received during the past few days. Real football should be displayed by the local schoolboys tomorrow.

More Bleachers Erected.

The bleachers could not accommodate the crowd that witnessed the game with State College last Saturday. C. H. S.'s management has arranged to have enough bleachers in place for tomorrow's game to seat the large crowd of fans who are expected to be on hand to see one of the best games of the season.

Some very important High School football games will be played tomorrow as listed below.

Lock Haven vs. Johnstown at Johnstown.

Curwensville vs. DuBois at DuBois.

Altoona vs. Huntingdon at Huntingdon.

Williamsport vs. Tamaqua, at Williamsport.

Harrisburg Tech vs. Waite H. S. of and at Toledo, Ohio.

The winner of the Tech-Waite game will have a strong claim to the national high school championship title. The Pennsylvania eleven's followers are confident of victory but out in Toledo, the Ohioans are betting on an easy win for Waite High.

KERRMOOR MAN

(Continued From Page One.)

From the scene back to the station at Kerrmoor on the rail motor truck sed by the crew. Bloom testified that all he said about the affair was that "McKee should not have struck me with that shovel."

At the conclusion of the testimony the jury went into "executive session" and after brief deliberation returned a verdict which stated that "Robert H. Tubbs came to his death as the result of a blow from a shovel in the hands of Abe McKee, and we recommend that McKee be held to answer for the crime."

Following this report District Attorney Arnold had an information made against McKee in which he is charged with both grades of manslaughter. McKee, who had given himself up immediately after the happening, and who appears to feel his position very keenly, was then held in \$2,000 bail for his appearance at December term of court. His bondsmen are three of his neighbors, Blake W. Norris, Stewart McCully and Orange Thurstin.

No Trouble.

"That's a funny house Smith is building. He's got the billiard room and his den in the cellar." "That's his wife's idea. She got tired of hearing him grumble every time he had to go down in the cellar to attend to the furnace."

TOWN PESTS

The State-Joke Pest still gets a "kick" out of the Time when you Lost your Pockethook just as you Were starting on your Honeymoon three years ago and Never Falls to Mention it. "A Good Joke Never Dies" is his motto, and his Favorite Wheezes All Year Whiskers.

PUBLIC SALE OF REAL ESTATE

THE BARGER FARM
Located on the Deer Creek Road about six miles from Morrisdale.

Wednesday, Nov. 15th.
at 1 P. M.

The farm contains 109 acres, 60 acres of which are under cultivation. Balance is in timber, of which a careful estimate has been made and shows about 6,300 standard railroad ties, 41,000 feet of hardwood saw timber and about a half million feet of mine timber of various kinds.

There is a nine room frame house in good condition. There is also a good barn, 50x60 feet. Farm has two wells and several springs located at different points.

TERMS MADE KNOWN DAY OF SALE.

A. D. BARGER,
Kylertown, Pa.

MRS. MARGARET ANN WAPLE DIES AT TYRONE HOME

Margaret Ann Waple, wife of Charles M. Waple, died at her home at the Ward House in Tyrone Wednesday night at 11:56 o'clock. Death was due to a complication of diseases although she had only been seriously ill a short time. She was born in Tyrone on Feb. 5, 1863, and had resided there all her life. She was the daughter of George and Mrs. Katherine Troutwine, both deceased. She was united in marriage with Mr. Waple on June 19, 1883, in Tyrone. She is survived by her husband and two sons and one daughter, Walter and Charles Waple and Mrs. John Hoffman, all of Tyrone. She is also survived by one sister and three brothers, Mrs. Harry Gardner, John E., J. L. and W. F. Troutwine, all of Tyrone. One son preceded her to the grave. She was a member of the Trinity Episcopal church, the Women's guild of the church, the Eastern Star and the Civic club. She was one of the most liberal contributors to the local chapter of the Red Cross during the war, especially the food stand at the station. She was an earnest and tireless worker in the guild of Trinity church and the Civic club and one of Tyrone's best women, always ready to help the needy.

MILK DOES ALL THESE THINGS

Milk is easily digested, meat is usually the opposite. Milk makes energy as does meat, but the stomach does not have to work overtime or become over tired in its digestion. In summer the business man, the laborer, the athlete can all safely double their milk consumption to prevent summer disorders which are so apt to make their appearance when the hot dog days dawn. It was Nature who advised us eons ago to go light on the greasy and heavy foods in summer and depend almost altogether on vegetables, fruits and dairy foods—the latter supplying the necessary protein and fats and doing it with no fuss or trouble whatever to our internal organs. But how about winter: should one depend on milk when the snowflakes fly to bring to the body the greater energy, heat and endurance which goes hand in hand with a cold and merciless climate? To be sure—Milk is the correct answer. In fact, there is no other food which is so quickly and easily assimilated by the body, to the end that the muscle-building protein, the heat-making fats, all rush to their proper destinations and cause the whole system to glow with strength, purpose, and lasting power. You couldn't find a rival to Milk in the whole food category, and Old Man Winter knows full well that his terrors are of small account to the man or woman who goes in for Milk with a vengeance during the short days of the year.

Clearfield Dairy Co.

TRIES TRAVELERS' PATIENCE

Travelers to the upriver country had enough hay on their horns to feed a herd of elephants yesterday afternoon when they found the New York Central crossing at Rowles, near Curwensville, blocked to traffic by a coal train for no less than twenty seven minutes. The train closed the crossing at seven minutes after 2 and did not clear it until twenty-five minutes to 3 o'clock. No less than fifteen automobiles were held up on either side of the track and what some of the occupants of these cars had to say about it would not look very well in the columns of a daily newspaper.

PATTERSON-WILSON DINNER GUESTS

Among the out-of-town guests attending the Patterson-Wilson dinner and bridge given at the country club last evening were:
Mr. and Mrs. Roland D. Swoope and Miss Mary Swoope and Mrs. J. M. McKinley of Curwensville; Mr. and Mrs. Fred C. Todd and Mr. and Mrs. Thomas Horn of Philipsburg; Mr. and Mrs. Harry Shillingford of Osceola; Mr. and Mrs. Charles Anderson of Altoona; Mr. and Mrs. Charles Maxwell of Morrisdale; Mr. and Mrs. L. H. Hood of Seneca Falls.

MOXLEY'S DIXIE MARGARIN
RICH IN VITAMINES

SPECIAL HALLOWE'EN BRICK

The kiddies will enjoy "bobbin' for apples," listening to ghost stories, looking in the mirror, but most of all they look forward to the "cats" of the Hallowe'en party.

And when you serve your feast, whether it's to the little kiddies or the older kiddies (we're all "kiddies" at the Hallowe'en party) they'll enjoy it better if the brick ice cream you serve is in keeping with the party.

We have a special Hallowe'en brick made of cherry custard with a yellow pumpkin of orange pineapple down the center.

KEYSTONE ICE CREAM

Place Your Order With Your Dealer Just As
Soon As You Can.

N. Y. Miss Eleanor Hyde of Sewickley, and Miss Marcella Henry of New York City.

Irish Lead Flex Growers.

There is said to be no better soil or climate for growing flax in the world than Ireland.

Appropriate to the Occasion.

A corpulent tenor was about to go on in the oratorio of "Elijah," when his trousers gave way at the seams. Numerous pins were brought into service, and finally, well trusted up he went upon the stage and sang, "Ye People, Rend Your Hearts, Rend Your Hearts, and Not Your Garments."

Snake Punctured Tire.
At Pueblo, Colo., a red racer snake attacked an automobile, biting and puncturing the tire.

BETTER TOOTH PASTE MAG-LAC

Stronger in medicinal properties it is greater in prophylactic benefits. Free from grit and still worth a good scrubbing quality. Cleverly flavored so that it tastes well.

Irwin's Drug Store
Opposite Y. M. C. A.

Genuine BAYER ASPIRIN

SAY "BAYER" when you buy Aspirin

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty two years and proved safe by millions for colds, headache, toothache, earache, neuralgia, lumbago, rheumatism, neuritis and for pain in general. Accept only "Bayer" package which contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

Way Down East Unionsuits----

This "Down East" Underwear has been as hard to get in Unionsuits as a drink of good liquor has been for years since Andy Volstead's "You-cant-have-it" went into the Constitution.

But we got 'em, folks, and they're here waiting for you to come and get 'em. We've featured the two-piece suits here for a long time, but now we've got the Unionsuits for the chap that won't wear anything else.

They're all the kind that will make you feel as warm as June when the mercury flirts with zero. Sizes run from 34 to 52.

VIRGINIA CHOCOLATE SHOP

ODDS AND ENDS AND THINGS

By J. D. C.

Old Hardman Phillips, founder of Philipshurg, must have got "well peeved" at the actions of some of the early day residents of the Centre county metropolis. Phillips had things his own way in the town which bears his name and appeared to have a much more aggravated idea of his own importance than did some of his neighbors. When Hardman found there were "other pebbles on the beach," he decided to pass the whole thing up and return to England. Before leaving he gave certain commissions to the late Josiah W. Smith, of Clearfield, and we give herewith a letter Agent Smith received from the founder of Philipshurg after he had returned to "dear old Lunnnon." The letter shows the extent of Hardman's grouch.

At Francis Phillips' Esq.
Abbey Court Hill,
Near Rhayader, Radnorshire,
21 July, 1846.

Dear Sir:
I received by the Great Western your favor of the 12th, and at the same time advice from Liverpool of the receipt of the remittance of the \$1,000 you mention having deposited for me in the Philadelphia Bank.

That and Mr. McAlister's remittances arrived very opportunely to recruit my finances which had been a good deal impaired by our expenses on removing from Jersey. I am truly rejoiced to learn that Ullmann Co had paid their taxes. I can hardly think they would have done so, without being a fair prospect of forming a solid company in the event of the organization of the Central Railroad Co. At all events we are now so near the 1st Sept. when \$25,000 of principal as well as 2 years int. will be due, I would not have you to commence suit till those sums can be included. You can easily ascertain through Mr. Montgomery's means or at the Bank whether the payments have been made as regards the \$25,000. I am truly glad to hear of your offer to accept letters and if not, Mr. Burnside and you will then please to proceed to recover possession of the estate by the most efficacious means, and I will also enforce the mortgage on the New York houses, which I am told ought to produce me from \$12,000 to \$15,000.

It will be necessary to take all proper means to keep the expenses of the recovery as moderate as possible for which purpose a bargain with the respective Sheriff should be made and I should be glad to know what Mr. Burnside's and your charges will be on the occasion.

My health is so much better in England than it was in Pennsylvania and I am so thoroughly disgusted with localism and the constant strikes of parties, destroying the prosperity of the Country, that I have no idea whatever of returning to the States. The party leaders about Philipshurg may fancy that were I among them again, they would get a different part, but it is not in them. When there is such a total want of consistent principle that a whole party could be brought to sign a petition against a Rail Road scheme, which if effected would have improved all their circumstances, no dependence whatever can be placed on such a faction. The slightest difference of opinion would revive the whole system. That arch fiend Andrew Jackson was the origin of all the evil. Till his time I was as popular as any man ought to be and the whole settlement for any common cause pulled together as one man. It was Jackson's five brands pitting

one class of society against another that first began opposition. Dr. Plunk's folly in lending himself to the movement gave it a head, the results of which will hardly cease with the present generation.

I have made arrangements with Mr. Bagshaw to return to the estate to dispose of it in detail, but I think he would rather remain in England and therefore I should be willing to receive proposals for the agency predicated on the plan of Commission being charged on remittances only. Perhaps a party might be formed including Edward Lloyd on the spot to take charge of the several duties.

I have communicated to Mr. Bagshaw that you name about Harnish and enclose you his reply, which could be verified of course under rule of Court or Commission. Here's one of the most impudent attempts at set off I ever heard of and I do not believe one word of it. Certainly he never made the slightest complaint to me. It was Bagshaw who transacted the sale with him.

Glass farm is worth \$6 per acre cash and Hagerty's \$6. I would wish you to take the first offer to sell them, but not deviating materially

from their price. Bagshaw writes me word that he has the intention of writing about the tract Mary Neil, the heiress had possession 21 years and then holding by long tenure. He pleads to look into this and do what may be needed.

We are here on my brother's Welsh property with the queer names meaning "the Abbey in the long valley," suggesting until we correct possession of a very pretty country residence we have taken about two miles from Monmouth, called Philipshurg but pronounced "Pentowid." Continue to direct here and I will send my letters to follow me if we should have left.

Mrs. Phillips and I very kind regards to Mrs. Smith and yourself with

My dear sir,
Yours very truly,
HARDMAN PHILLIPS.

Josiah W. Smith Esq.

EASY TO DARKEN YOUR GRAY HAIR

Try this! Brush Sage Tea and Sulphur Compound through your hair taking one strand at a time

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and trouble some. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Woolly's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair has appeared and, after another application or two your hair becomes beautifully darkened glossy and luxuriant. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get those old ones with Woolly's Sage and Sulphur Compound and look years younger.

JOY RIDERS SWIPE EMORY GEARHART'S SEDAN LAST NIGHT

Joy riders stole Emory J. Gearhart's Buick sedan from in front of his home on West Front street between 6 and 7:30 o'clock last evening. Mr. Gearhart drove home to dinner, leaving the car in front of the house about 6 o'clock. While he was dining the car was stolen.

The police were notified and traced the car toward Philipshurg and about 10:30 o'clock last night they found it abandoned alongside the State road about a mile this side of Philipshurg. The car was considerably damaged.

A reward will be paid for information leading to the arrest and conviction of the car stealers. It is likely they hopped a ride back to Clearfield during the evening and if automobilists who happened to give a lift to young men coming from Philipshurg last evening will give the names of such persons to the police it may be possible to locate the thieves and have an example made of them.

Entered in Post Office at Clearfield, Pa., as second class mail matter.

This has been designated Navy Day. The Navy rendered vital service to the nation and to humanity during the World War. No great fleet action was fought to give spectacular emphasis to its vital contribution to the victory. But the convoy, the anti-submarine patrol, the mine barrage were essential factors in the winning of the war and the saving of civilization. So it has been in every crisis of our history—the Navy has not failed. In the Revolution, the War of 1812, the Civil War, the Spanish-American War, victory without the Navy would have been virtually impossible. Today our peace and prosperity are safeguarded by the Navy. It is an agent of stability in a troubled world. It carries no threat, but it lends authority to America's voice, speaking for altruism, justice and law.

On Navy Day we would celebrate the consecration to duty of the personnel of the present Navy, the glorious services rendered to the nation by the Navy of the past. We would emphasize its unity with every interest and activity of the national life. It is good for the people to stop a moment and consider what has caused the nation's prosperity and greatness. The Navy has played no small part in the progress of America to its present state and influence.

ROOSEVELT

That which we call American is the essence of many characters. The legend of a Washington or of a Lincoln is the memorial of the past which, given life through interpretation, is our Today.

Theodore Roosevelt, whose birth occurred just sixty-three years ago, contributed his character to the national expression. Far greater than the mere political success of his career is the legend of that Roosevelt, faulty as all may be, wrong sometimes and right often, who was so vigorous a prophet of virile manhood and constructive citizenship.

Time softens the memories of animosities; Roosevelt, not yet far distant from us, has some still to decry him. But time has that way of etching its permanent pictures from a blur of contradictions. Today the Roosevelt of national memory already is taking on sharper lines, the figure becomes more rugged, the tense expression more compelling, the whole embodiment something of greater and enduring youthfulness than that day when his quick passing shocked the world.

From the best of these, the Roosevelts and the others, comes our heritage. Each age expresses itself through its leaders and, frequently, so little does the crowd know itself, is surprised at the quality of the echo. They bridge time for us, identifying the whole people with those larger works their leadership enables them to achieve. He who leads most truly and is remembered most gratefully is he who was, even for an hour, the people and spoke their voice.

Such on more than one occasion was Theodore Roosevelt. The nation which accorded him the sublimity of that privilege recalls his devoted memory with abiding respect and affection. "The evil that men do lives after them; the good is oft interred with their bones"—a false word in this land. Here we forgive honest ill and take that which is good to bulwark the foundations of our faith.

Punishment Suited Jack.
Jack had been naughty and his teacher said: "Now, Jack, I've talked and talked and you won't be a nice boy so bring your books and sit at my desk, so I can watch you." Jack slowly gathered up his primer and tablet and climbed up on the stool. The other children all laughed. After a time Jack said: "I like to sit by you." Needless to say Jack didn't have to any more.

Billy Was "Wise."
Billy was sent with a note to a little shop around the corner for some cream and returned with a box of cracker jack and some gum, whereupon his mother said sternly: "Billy, did you give the man in the shop your note?" And Billy answered demurely: "No, I didn't give that man my note. I weaved it myself."

Peculiar Tribal Customs.
In the Eastern Archipelago male doctors in certain tribes wear female dress, and the women doctors in other tribes array themselves as men. Their villages, again, where both a male and a female doctor may be found, and in other places women doctors are for bidden to marry, and form something, in the nature of a sisterhood.

Raymond's Forgetfulness.
Raymond, who lives in the country had been taken into town by his mother to dine at his uncle's. After dinner, as he sat joyously watching his city cousins playing about, he suddenly became embarrassed, noticing the smart frocks of the little girls and the Lord Fauntleroy rigs of the boys, and appeared to try to hide his feet back of the round of his chair. When his mother questioned him, he whispered, almost tearfully: "Before I came I forgot to paint my shoes."

STEEL BUSINESS IS NEAR TO NORMAL IS BELIEF OF GARY

New York, Oct. 27.—Steel mills are producing about 75 per cent. of capacity Albert H. Gary, said in a speech to the American Iron and Steel Industries Association here to night.

"In spite of the difficulties which we have had to overcome," Gary said we have brought the steel industry up to nearly normal and hope in the near future to have a settled industry. "We are making economies in many ways and in spite of the fact that the selling prices have not kept pace with the production costs, the industry is nearing normalcy."

"We have still to get back to a basis where we can yield a profit and will do so as soon as it is at all possible."

Gary spoke of the value of publicity in connection with the steel industry. "The full explanation of the situation to the public of the uses of capital and the management of it, the candid reports from time to time of the labor conditions as regards labor, cannot be overestimated whether the reports come from a private individual or from an industry."

He said nothing could be said against labor in justice to the conditions which prevail at this time.

Speaking against the cancellation of the interallied debt, he said that the cancellation would amount to forced charity and would bring about a sense of dishonor to the donors and an unnecessary sense of obligation to the acceptors.

Gary said he hoped to see another great international peace conference at Washington in the near future.

Two Uses for Words.
Words are wise men's counters; they do but reckon by them; but the money of fools is different.

Thought and Inclination.
Men's thoughts are much according to their habitation—these.

Tom Sims SAYS---

Hunt the bright side. If Columbus hadn't discovered America we would all be foreigners.

Long hair, they say, is coming in style fast. Then hairdressers are not asleep at the switch.

The hard thing about saving a dollar is you must save it every day you have it.

Honolulu's streak of bad luck has changed. A fire down there destroyed 4000 ukuleles.

Many a husband has to turn over a new leaf because his wife can read him like a book.

The root of all evil does a man very little good when it comes from the family tree.

Among shaky movements on foot are fall dance steps. All the girls are seconding the motions.

Two Seattle men were robbed. They do look so far away from Chicago?

Life will have its little jokes. The ex-kaiser says he is the happiest man on earth.

Tennessee man got shot because "it wasn't loaded." It was not a gun. It was dice.

Prisoners in one penitentiary were brewing weeds. Just the same it was bottled in bond.

Ohio woman was fined \$50 for pulling a neighbor's hair, but it may have been worth more.

More men are going to theatres now. With skirts longer they have no show on the street.

Color of the World.
A man's digestion has a good deal to do with the color of the world when he looks at it. There is more yellow in the firm biliousness than from the state of the atmosphere.

BABY'S COLDS
are often "nipped in the bud" without "dosing" by use of—
VICKS VAPORUB
Over 17 Million Jars Used Yearly

Figure It Out Yourself.

Billy had just started to school. His sister asked him if they were seated according to average or height. Billy replied: "Oh, no; we are seated according to length."

Do This in Your Head.

Here is a simple little mathematical question the answer to which seems a paradox. "Suppose the earth spherical, and a cable laid along the equator in contact with the surface. Its length would be about 25,000 miles. If the cable were everywhere six feet from the earth's surface, how much longer would it be?"

When the Lamp Burned Low.

That was a beautiful eclipse of the moon Wednesday night. It brought up memories of the good old times when the lamp in the best room was turned low.—Toledo Blade.

Cloud of Witnesses.

"But how can I know that you really love me?" sighed the village maiden. "Just ask anybody in Jenkynville," loudly answered the traveling man who had visited her two Sundays in succession.—Judge.

Still Cling to Cisterns.

There still are in use in New Orleans about four thousand cisterns, according to reports to the sewage and water board.

He Cuts It All.

Now that it no longer is good form to whip the children, father takes all the punishment that is administered to the family.—Topeka Capitol.

VITAMINES

essential, health-building factors, have always been in cod-liver oil and account for its helpfulness in overcoming malnutrition.

Scott's Emulsion

should be taken for a reasonable length of time daily, to enable its rich, vitamin-nourishing virtues to help refresh, energize and build up the body.

Scott's Emulsion, London, N. Y.

SELZ SIX SHOES

Here's a man's shoe that will make history for itself in this city as soon as I can get a few men wearing them. You'll find that there is more wear in them than you have been accustomed to getting for your money. And Selz says that they are all leather.

Come in modified English lasts, also in bluchers with full toe. Have them in C and D widths. Sizes run from 6 to 10. Tan only.

Women's Oxfords

Have two good lines of these—the W. W. W. and the LENOX—and you'll find that for style, wearing qualities there are none better for the money.

We have these in a variety of leathers and heel heights and we know how to fit them.

HALLOWE'EN

DINNER and DANCE

Monday, October 30th.

SUSQUEHANNA ORCH.

A seven-course dinner will be served. Here are some of the good things: Blue Points, Grape Fruit, Soup, Fish, Roast Guinea, Roast Chicken, Roast Pig with Oyster filling, and all the delicacies of the season. For dessert Field Pumpkin Pie, Plum Pudding, Apple Pie and Ice Cream.

JORDANS

From 9:30 to 12:30

Gossip For Tonight's Tea Table

Miss W. R. Barber of Chicago is visiting at Allen Wrigley's on South Second street.

Mr. and Mrs. William McFarland gave a hallowe'en party for their daughter, Miss Althea, at their home on Clearfield street last evening. Thirty guests enjoyed the occasion, a peanut hunt being productive of much fun. Miss Jean Kelly won the prize for the best costume, while Gerald McFarland's was unanimously voted the worst. He headed the list when the refreshments were served.

The Captain and Mrs. Thos. E. Clark celebrated the Captain's eighty-first birthday yesterday by a dinner party at the Dimeling hotel. There was a noticeable absence of the "highspirits" but otherwise everything was highly enjoyable.

Mr. and Mrs. L. H. Hood of Seneca Falls, N. Y., are the guests of the A. Wright Biglers.

Mr. and Mrs. Charles Anderson of Altoona are visiting Mr. and Mrs. Leslie Wallace.

Mrs. Fred B. Kerr is spending several days in Pittsburg.

Miss Laura Fulford left today for Philadelphia where she will spend several weeks visiting friends.

A. M. Liveright, Esq., has returned from a trip to Philadelphia.

Miss Chorpennig entertained the Y. P. B. at her home on Pine street last evening.

Miss James Mitchell, Sr., returned yesterday from Scotland.

Misses Edna Pierce and Frances Geppert entertained their Sunday school classes at a hallowe'en party given at the Sunday school rooms on Monday evening.

Robert Wright left yesterday for Cleveland.

S. S. Lamsborn of Glen Campbell was in town on business yesterday.

Some Come-Down

This man once was the most imposing dining-room czar of all Germany, dressed in trappings more ornate than that of the famous Landsturm Guards. He has sunk to this—the new funeral make-up of the head waiter in Berlin's most fashionable dining room.

A. K. Wright is transacting business in New York this week.

Mrs. D. W. Speck entertained her Sunday school class at home last evening.

Mrs. H. P. Dowler and daughter Winifred left yesterday for Baltimore where they will spend a few days with Miss Elizabeth Dowler, now a student at Goucher.

Mrs. J. L. Dale left today for New York.

Say it with a Progress Want Ad.

Faith.

He—"Darling, you don't have to put on a new dress every time I call. I have faith in your extravagance."

Life.

Why We Wink Our Eyes.

The act of winking furnishes a steady lubrication for the eyes and the ball of the eye is kept clean and in good condition by the water which passes over it from the tear gland. That is why we wink—to carry the water from under the upper lid over the eye.

Clearfield Girl Wins Little Miss Gage Hat In Nation-Wide Competition

ARTISTIC MERIT OF LITTLE SARAH BIGLER

106 South Front Street.

RECOGNIZED BY WELL KNOWN LADIES' HATS MANUFACTURERS

The friends of Miss Sarah Bigler, 106 South Front Street, of Clearfield, will be greatly interested in learning that this young lady has been awarded a prize for excellence and for artistic merit in the coloring contest recently inaugurated by Gage Bros. & Co., through Miss Sarah Ward of our Millinery Department. The award was made by Gage Bros. & Co. after comparing work submitted by a large number of young girls. We take pleasure in congratulating Miss Bigler.

Jaunty Scarf and Hat Sets of Angora

Stylish Coats For Strenuous Little Girls

Scarf and Hat Sets solve two problems: for mother, that of making one dollar do the work of two; for daughter, that of comfortably and dashing dressing for sports or school. They come in fascinating color combinations; so warm and comfy, too, with no burden of weight.

Little Miss Six-to-Twelve is so full of play that her first demand in clothes is for wear and tear—something that won't everlastingly rip and tear at the slightest provocation. Coats, in particular, fall under her ban unless they are both light in weight and "built for endurance." These Coats of chinchilla, serge and cheviot meet these specifications and go them one better—they are very good to look at, too.

A W. LEONARDSON CO.

FOSS CANDIES?

WHY NOT

You're going to buy some candy for eating over Sunday and why not make it a pound or so of these tasty FOSS CANDIES. We have them in bulk or in boxes and you'll find them easy to eat.

98 Out of Every 100 Women Benefited

An Absolutely Reliable Statement Important to Every Woman

Remarkable Results Shown by a Nation Wide Canvass of Women Purchasers of Lydia E. Pinkham's Vegetable Compound.

50,000 Women Answer

For some time a circular has been enclosed with each bottle of our medicine bearing this question: "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

Replies, to date, have been received from over 50,000 women answering that question.

98 per cent of which say YES. That means that 98 out of every 100 women who take the medicine for the ailments for which it is recommended are benefited by it.

This is a most remarkable record of efficiency. We doubt if any other medicine in the world equals it.

Think of it—only two women out of 100 received no benefit—98 successes out of a possible 100. Did you ever hear of anything like it? We must admit that we, ourselves, are astonished.

Such evidence should induce every woman suffering from any ailment peculiar to her sex to try Lydia E. Pinkham's Vegetable Compound and see if she can't be one of the 98

THE LYDIA E. PINKHAM MEDICINE CO., Lynn, Mass.

Of course we know that our medicine does benefit the large majority of women who take it. But that only two out of 100 received no benefit is most astonishing.

It only goes to prove, however, that a medicine specialized for certain definite ailments—not a cure all—one that is made by the most scientific process; not from drugs, but from a combination of nature's roots and herbs, can and does do more good than hastily prepared prescriptions.

You see, we have been making, improving and refining this medicine for over 50 years until it is so perfect and so well adapted to women's needs that it actually has the virtue to benefit 98 out of every 100 women who take it.

It's reliability and recognized efficiency has gained for it a sale in almost every country in the world—leading all others.

A & P

"Where Economy Rules"

We are proud of our reputation as distributors of distinctly high quality groceries. It is a reputation WON only after SIXTY-THREE YEARS of hard application, of persistent effort exerted in the direction of making the A. & P.
